- 13.1. You may request on any day that trading is available, via the Trading Platform or telephone, GO Markets to quote a price at which GO Markets may be prepared to enter into a Financial Product transaction. You acknowledge that a price quotation pursuant to this request does not constitute an offer to enter a new or close an existing Financial Product.
- 13.2. Upon receiving the quote from GO Markets, you may offer to enter into a Financial Product transaction with GO Markets at the price quoted by GO Markets.
- 13.3. GO Markets is in no way obliged to accept your offer to enter into a Financial Product transaction and, without limitation, is not obliged to accept your offer to enter into a Financial Product transaction, if you have exceeded or would exceed a predetermined limit imposed on you under these Terms & Conditions; or until GO Markets has received from you the Initial Margin where required, in the form of Cleared Funds. The Trading Platform will advise you by rejecting the order should GO Markets decide not to accept your offer to enter into a Financial Product transaction.
- 13.4. The Initial Margin where required to enter into a Financial Product transaction, if not already received from you, will be payable to GO Markets upon acceptance by GO Markets of your offer to enter into the Financial Product transaction.
- 13.5. GO Markets will not bear any liability whatsoever resulting from the failure to issue a deal confirmation.
- 13.6. You agree to examine the terms of each deal confirmation immediately upon receipt and you agree that the contents of the deal confirmation, in the absence of Manifest Error, will be conclusive evidence of the executed deal, unless you notify GO Markets of any disputed detail in the deal confirmation received by you. Should you wish to enter into any further Financial Product transactions, you must seek and obtain approval from GO Markets, which it may grant or refuse in its absolute discretion.
- 13.8. If you provide GO Markets with standing instructions to enter into a Financial Product transaction when a particular price level is reached, you acknowledge that the price at which the Financial Product transaction is entered into may not be the same as the price requested by you as GO Markets may elect not to enter into the Financial Product transaction until it has satisfied itself that it can hedge its exposure in the Underlying Market.

If the bid price for sell orders or ask price for buy orders is reached, the order will be filled as soon as possible at the price obtainable in the market. - 14.5. GO Markets may, in its absolute sole discretion, execute a stop loss order in relation to any contract where there are reasonable grounds to believe that subsequent price movements may be adverse to you. A stop loss order is triggered when you have a Sell (Short) Position and the Contract is traded at or above the stop loss price; or when you have a Buy (Long) Position and the Instrument is traded at or below the stop loss price. Once a stop loss order is triggered or executed it becomes a Market Order and GO Markets shall use its best endeavours to execute the Market Order.
- 14.6. The acceptance of a stop loss order is not a guarantee or representation by GO Markets that the stop loss order can be executed at the stop loss price.
- 14.7. GO Markets may at its discretion aggregate your orders with its own orders or orders of associates and/or other clients. In addition, GO Markets may split your orders. - e. Margin Calls will be notified via the Trading Platform, and you are required to log in to the system regularly when you have open Positions to ensure you receive notification of any such Margin Calls. It is your sole responsibility to monitor and manage your open Positions and exposures, and ensure that Margin Calls are met as required;
- f. Where you have not checked the Trading Platform for Margin call notifications, and so have not met them in a timely manner, all margined Positions will be closed out by GO Markets, without further reference to you;
- g. Liability for a deposit or Margin arises at the time it is executed irrespective of the time at which any call is made, and such liability is not limited to the amount, if any, deposited with GO Markets;
- h. A Margin Call will not be considered to have been met UNLESS AND UNTIL Cleared Funds have been received by GO Markets in the nominated account (generally around 10AM on the following Business Day, but may vary according to the funding method used);

16. Margin FX and CFDs

16.1. PRICING

You agree and acknowledge that:

- a. GO Markets set the price of the Instrument that you use to open and close a Position;
- b. Prices provided on the Trading Platform are subject to Liquidity;
- c. GO Markets may contribute its own (internal) Liquidity when setting a price in order to improve the spread between the bid and ask price, and/or the Liquidity available at each price; and
- d. An order may be rejected, partially executed, and/or executed based on a volume weighted average price.

In certain circumstances, the price we set may be different from the current market price of the Underlying Asset, and/or another issuer of Margin FX, CFD, or Binary Option contracts.

In particular:

- Where Out of Hours Trading is available, and we set the prices at which we are prepared to deal with you; and/or
- If we cannot determine a price because trading in the Underlying Market/Asset is limited, suspended, and/or a price cannot be determined by our Liquidity provider(s), then the price will be the price:
 - immediately preceding such limitation; and/or
 - determined by us in our absolute discretion, acting reasonably, but having regard to the prevailing market conditions affecting trading.
- To close out all or part of your open Position, limit the total value the Position, you can open, refuse an order, or terminate the agreement between us if certain circumstances arise including where we:
 - Decide at our absolute discretion provided we give you prior written notice of such decision; or
 - Reasonably consider it necessary for the protection of our rights under the Terms and Conditions. You do not have the power to direct us in the exercise of our discretions.

16.2. FINANCING COSTS

You agree and acknowledge that:

- a. Where a Margin FX or CFD contract is held at the close of the Trading Day, a charge or credit is made to each Position. These charges or credits are referred to as 'Swaps' in the Trading Platform but may sometimes be referred to as interest, financing, or rollover charges or credits. The PDS provides further information relating to Swaps.
- b. Swaps are charged or credited in accordance with the type of the instrument traded, and if you are buying or selling that instrument.
- c. Swaps are charged or credited to each individual trading Position even if you have opposing Positions in the same instrument on the same trading account.

- d. Multiple Swap Charges or Credits apply on all instruments (other than CFD futures) to account for the settlement of your open Position for the following weekend. If you hold a Margin FX (including Gold or Silver) Position at the close of the Trading Day on a Wednesday, the financing (Swap) Charge or Credit is multiplied by three (3) times. If you hold an Index, Share or Commodity CFD at the close of the Trading Day on a Friday, the financing (Swap) Charge or Credit is multiplied by three (3) times.

Swap Charges and Credits also occur on public holidays, including when the Underlying Asset ceases to be quoted, or suspended from quotation, or subject to a trading halt.

16.3. CLOSING A MARGIN FX OR CFD CONTRACT

You agree and acknowledge that:

- a. At any time, you may give GO Markets an instruction (by telephone or on the Trading Platform) notice of its intention to close a Position (whether in whole or part) by specifying the Position and the proportion of the Position that you wish to close;
- b. Upon receipt of a Closing Notice, GO Markets shall use reasonable endeavours to provide a quote for the Closing Price and notify you of that quote. It is your obligation to notify GO Markets as soon as possible as to whether you are willing to accept the Closing Price. Should you accept the Closing Price the Position, or relevant portion of the Position, will be closed on the Closing Date;
- c. If we cannot determine a price because trading in the Underlying Market is limited, suspended, and/or a price cannot be determined by our Liquidity provider(s), then the Closing Price may, at its discretion, be determined by GO Markets who may have regard to any factors it considers appropriate including, for example, the last traded price of the Underlying Market.
- d. Without limiting GO Markets' discretion, if any Position ceases to be quoted on a Relevant Exchange, or is suspended from quotation, or subject to a trading halt for 5 or more consecutive Business Days, GO Markets may, in its absolute discretion, elect to terminate the relevant Position by providing written notice to you;
- e. It may not be possible to close out a Position if there is a suspension of trading or a trading halt in respect of the Underlying Market. In such a circumstance, GO Markets may decide, in its absolute discretion, not to close a Position;
- f. Unless otherwise agreed in writing, GO Markets may close a Position(s) if your Equity only covers 50% of the Total Margin Requirement for your open Positions. Your worst offending Position (i.e. the contract with the largest loss) will be automatically closed at the first price available and as determined by the Instrument price, Liquidity, and other factors that may impact on execution times.
- g. Without limiting the above, if at any time trading on a Relevant Exchange is suspended or halted in any Underlying Market, GO Markets will, in determining the Closing Value of a Position, at its discretion have regard to the last traded price before the time of suspension or halt; and
- h. All determinations and calculations made by GO Markets pursuant to these Terms & Conditions will be binding on you in the absence of Manifest Error.

- a. Enforce the Position against you if it is a Positions which results in you owing money to us;
- b. Treat all your Positions as void from the outset if they are trades which result in us owing money to you, unless you produce conclusive evidence within 30 days of us giving you notice under this clause that you have not committed any breach of warranty, misrepresentation, or breach of undertaking under the Contracts;
- c. Withhold any funds suspected to have been derived from any such activities;
- d. Make any resultant corrections or adjustments to your Account;
- e. Close your Account; and/or
- f. Take any other action that we consider appropriate.

16.6 SHARE CFDS AND SWAPS

You agree and acknowledge that while your transaction remains open, GO Markets will value open transactions on a daily basis and calculate the amount of swap that would apply to the sum of money necessary to take out a Position in the underlying Instrument with the same value. A different rate of interest will ordinarily apply to long and short positions.

As an illustration, the amount of swap will be calculated and will accrue on a daily basis as follows:

- b. An adjustment will ordinarily be made pursuant to the below corporate action (s) or similar on the Underlying Asset of share CFDs.

- i. Dividend declaration: Where an Underlying Asset in respect of which a dividend is paid, a dividend adjustment will be calculated in respect of open Positions held on the ex-dividend day for the relevant underlying Asset.

As an illustration, in a corporate action involving dividend declaration, the same are reflected as a cash credit/debit which means in accounts holding long positions, a dividend adjustment is credited to the account and in accounts holding short positions, a dividend adjustment is debited from your account.

- c. GO Markets has a discretion to determine the extent of the adjustment in the event of the below Corporation Action (s) or similar on the Underlying Asset of share CFDs.

- i. Stock splits or similar e.g., a subdivision, consolidation, redenomination or reclassification of shares, a share buy-back or cancellation, or a free distribution of shares to existing shareholders by way of a bonus, capitalisation or similar issue;

- ii. Bonus shares or similar e.g., a distribution to existing holders of the right to payment of dividends and/ or proceeds of liquidation of the issuer equally proportionately with such payments to holders of the underlying assets viz., shares, securities, rights or warrants granting the right to a distribution of shares or to purchase, subscribe or receive shares, in any case for payment (in cash or otherwise) at less than the prevailing market price per share as determined by us,

- c. GO Markets may also elect to close a Share CFD prior to the closing date in the case of takeover offer or similar.
